

ANAMTA IMRAN

Full Stack Web Developer

React.js · Node.js · Express.js · MongoDB · Laravel · Next.js

Karachi, Pakistan | 0315-219-5849 | anamtaimran208@gmail.com | GitHub | LinkedIn | Portfolio

PROFESSIONAL SUMMARY

Entry-level Full Stack Web Developer with hands-on experience designing and building production-style web applications across the MERN stack (MongoDB, Express.js, React.js, Node.js) and Laravel/PHP. Skilled in building RESTful APIs, implementing authentication and authorization (JWT, OAuth), integrating real-time features with Socket.IO, and connecting frontend interfaces to backend services and third-party APIs. Experienced in relational and NoSQL database design, responsive UI development with Tailwind CSS, and deploying full-stack applications to production using Vercel, Render, and MongoDB Atlas. Focused on writing clean, maintainable code and delivering usable, well-structured applications.

TECHNICAL SKILLS

Frontend: React.js (React 19), Next.js, JavaScript (ES6+), HTML5, CSS3, Redux / Redux Toolkit, Tailwind CSS, Vite

Backend: Node.js, Express.js (Express 5), PHP, Laravel, REST APIs, JWT Authentication, Google OAuth, bcryptjs, Socket.IO

Databases: MongoDB, Mongoose, MongoDB Atlas, MySQL

Tools & Technologies: Git, GitHub, Postman, Axios, Cloudinary, MediaPipe, Vercel, Render, VS Code, Cursor

PROJECTS

VYBE — Full-Stack Social Media Web Application LIVE

React 19, Redux Toolkit, Node.js, Express 5, MongoDB, Mongoose, Socket.IO, JWT, Cloudinary, Tailwind CSS v4, Vite, Vercel, Render, MongoDB Atlas

- Engineered a full-stack social media platform with a React 19/Redux Toolkit frontend and a Node.js/Express 5 REST API, implementing JWT authentication, role-based authorization, and secure password hashing with bcryptjs.
- Built real-time chat and chat rooms with Socket.IO, alongside core social features including posts, stories, notifications, follows, challenges, moods, and bookmarks, backed by MongoDB and Mongoose.
- Integrated Cloudinary for media uploads and deployed the application to production using Vercel (frontend), Render (backend), and MongoDB Atlas (database).

BLINK — Full-Stack Beauty & Camera Web Application LIVE

React 19, Node.js, Express 5, MongoDB, Mongoose, JWT, Google OAuth, bcryptjs, MediaPipe Face Landmarker, Browser Camera API, Cloudinary, Vite, Vercel

- Built a full-stack beauty/camera application with a React 19 frontend and an Express 5 REST API, implementing JWT-based authentication, Google OAuth login, and password reset with bcryptjs.
- Integrated the Browser Camera API and MediaPipe Face Landmarker for real-time face detection, powering beauty filters, photo editing, and saved-look/favorites features persisted with MongoDB and Mongoose.
- Began integrating Cloudinary to support media uploads, and deployed the frontend and Express serverless API to Vercel.

BMW Showcase — Car Management Website LIVE

React.js, Node.js, Express.js, MongoDB, Mongoose, Axios, Tailwind CSS

- Built a full-stack car management application with a React.js frontend and a Node.js/Express.js REST API connected to MongoDB via Mongoose, implementing full CRUD workflows for vehicle records.
- Implemented user authentication with password hashing for secure account access and password management.
- Connected the frontend to backend endpoints with Axios and designed a responsive UI using Tailwind CSS.

HR Management System LIVE

Next.js, Laravel, PHP, MySQL

- Developed a full-stack HR Management System using Next.js on the frontend and Laravel (PHP) with MySQL on the backend.
- Implemented CRUD functionality for employees, departments, job roles, and locations, including department–job role relationships, along with authentication and password setup/management.
- Integrated frontend and backend so HR records can be created, updated, and managed through a single application.

EDUCATION

The Crescent Academy — A+ Grade

Computer Science

Shaheed-e-Millat Government Degree College for Women — First Year: A+ Grade

Intermediate — Computer Science (Currently in Second Year)

LANGUAGES & INTERESTS

Languages: English, Urdu **Interests:** Web Development, Learning New Technologies
